

The Actor's Life: A Survival Guide Jenna Fischer's Hollywood journey began at the age of 22 when she moved to Los Angeles from her hometown of St. Louis. With a theater degree in hand, she was certain everything would fall easily into place. Never mind that she didn't know a single person in the entertainment industry. She was determined, she was confident, she was ready to work hard. So, what could go wrong? Uh, basically everything. It would be eight long years before she landed her Emmy-nominated role of Pam Beesley on *The Office*—nearly a decade of failure, struggle, rejection and doubt. The path to professional acting was more competitive than she'd ever imagined. Headshots, agents, classes, auditions . . . there was a lot to learn. And with so many obstacles to navigate, it wasn't always easy to fight off discouragement. If only she had a handbook for the struggling actor. Or, better yet, someone to show her the way—an established actor who could manage her expectations, educate her about the business, and reassure her in those moments of despair. Jenna Fischer wants to be that person for you. With candor and wit, Fischer lays out what it takes to establish yourself in the profession. Based on her own memorable and hilarious experiences, she provides invaluable advice on how to get the right head shot, what to look for in representation, and the importance of getting out there and just doing something. She also provides helpful hints on how to be gutsy and take risks, the tricks to good auditioning and callbacks, and how not to fall for certain scams. (Auditions in a guy's apartment are probably not legit—or at least not for the kind of part you're looking for!) Fischer's inspiring guidance will make you feel like you have a trusted friend who's made the journey and has now returned to walk beside you, pointing out the pitfalls as you blaze your own path toward the life of a professional actor. ...more **The Actor's Life: A Survival Guide PDF ebook**
